- *Qualities/Skills: Object-oriented Design, Technical Documentation, Quality Assurance, Great Communicator, Self-starter, Research-oriented, Analytical*

Projects

[CatDog API](https://github.com/Akleventis/Cat-Dog-Service) (*https://github.com/Akleventis/Cat-Dog-Service*)

- Implemented a REST API for CRUD cat and dog operations
- Utilized Spring Boot for rapid development
- Created Postman collections to test and save queries on the API

[Random Cat Website](https://github.com/Akleventis/Cat-Project) (*https://github.com/Akleventis/Cat-Project*)

- Created an interactive and dynamic site to present users with random cat images using the [Cat API](https://thecatapi.com) (*https://thecatapi.com*)
- Incorporated XMLHttpRequest objects to retrieve API data
- Animated cat images on the DOM using CSS translations
